

Clean India Green India

-From Nongdamba Meitei

Regl. no. MN1850A100176

Clean India Green India is an initiative under the Swachh Bharat mission launched by Hon'ble Prime Minister of India on 2nd October 2014.

Clean India Green India is set up under many objectives to make India less polluted country and to educate the citizens about health, sanitation and wise waste management.

It is successfully operated throughout India with the contribution and participation of its citizen through different Govt, semi-govt and many other organisations. Some important organisations include National Cadet Corps (NCC), National Service Scheme (NSS) and municipalities of all the cities and towns of India.

The important activities of this mission includes educating citizens to make aware about cleanliness and waste management through awareness programme and wall paintings.

Tree plantation is also one among the important activities. Planting more trees to make India a green country and ecological balance.

In short, Swachh Bharat Abhiyan is a great start to make India cleaner and greener. If all the citizens could come together and participate in this drive, India will soon flourish. Moreover, when the hygienic conditions of India will improve, all of us will be benefitted equally. India will have more tourists visiting every year and will create a happy and clean environment for the citizens.

Last but not the least, we should understand that our small contribution will together make the mission a grand successful. Let us join hands together and take an oath "let's participate and make India a green and clean India for the present and future generation of India."
