

Greetings everyone. My name is Muskan and I am an NCC cadet studying in Mukand Lal National College, Yamunanagar, Haryana. I am a motivated and future oriented girl willing to join Indian Armed Forces and want to serve my country till my last breathe. I have been working hard to fulfil my dreams since I have watched them with eyes open. NCC camps and activities provides me a glimpse of that feeling. I still remember my first day at the camp where wearing this uniform was giving me goosebumps and the energy level of my senior cadets make me feel like standing in the parade of Army Officers. It was all so over-whelming and amazing that I am looking forward to excell as an NCC cadet and prepare myself best to serve Indian Armed Forces.
