

WE THE CADET OF THE NATIONAL CADET CORPS, DO SOLEMNLY PLEDGE THAT WE SHALL ALWAYS UPHOLD THE UNITY OF INDIA. WE RESOLVE TO BE DISCIPLINED AND RESPONSIBLE CITIZEN OF OUR NATION. WE SHALL UNDERTAKE POSITIVE COMMUNITY SERVICE IN THE SPIRIT OF SELFLESSNESS AND CONCERN FOR OUR FELLOW BEINGS.

This pledge is itself enough to express why NCC is so important for the cadets joining this organisation , as time passes by , cadets realise how things changed , how they got out of their comfort zones , facing the challenges with an unshakeable will power ; this was the case for me also , as I had experienced what NCC was all about in school , it got me determined to join it in college also and when the selection process of filtering out students began , I got in and fortunately became a part of it again but this time things were unfolding in a mysterious and surprising way as I was unaware of many talents I had.

First year was the time when we were trying to get familiar with the system under which NCC worked in college ,

In second year it was the first camp CATC (Udaipur) that I attended in college and it was the time when I learned so many things, all the cadets went through rigorous training and then finally the selection process , time when the everybody's hard work pays off and so did mine , second year was all about learning and implementation of the training we got , NCC inculcates many valuable traits that a cadet should possess and gradually shapes the mindset of the cadets as that of an officer , Strong willed, competitive ,

courageous , decisive and whatnot . It taught me a very beautiful thing and that's unity , as it makes even difficult times endurable together , so as the second year passed I was very excited to learn a lot more things and values.

The third year has become the period where we are getting familiar with the new type of online camps that are being conducted and the experiences that we get by attending such organised online camps , it makes me realise that no matter what we should not let the circumstances control us but instead we should make the circumstances favorable for us , in third-year to be very specific I got rid of all that was holding me back to excel in activities and to prove myself , now I am less hesitant and more confident , disciplined , adaptable....

IT'S TRULY AN HONOUR TO BE A PART OF NCC....
