DIRECTORATE: Uttarakhand

My NCC Experience

The National Cadet Corps (NCC) helps for nation-building. The NCC provides exposure to the cadets in a wide range of activities, with a distinct emphasis on Social Services, Discipline, and Adventure Training.

NCC teaches us “Unity and discipline”. At times our whole batch used to get punishments because one of our buddy made some mistake, this developed the feeling of comradeship in us and “one for all and all for one” attitude in us which further lead to deep friendship bond among us.

NCC develops the personality of an individual and trains us in qualities like cooperation, leadership, time management etc.

Swachta Pakhwada: An event which was conducted to spread awareness among people

about cleanliness. In this pakhwada many events were conducted like dancing competition, singing competition, nukkad natak and cleanliness drives. NCC of every college participated in this. We participated in all the competitions. I participated in Nukkad Natak. We almost performed this natak for 4,5 times in various places. Our college did an exceptional performance and won BEST INSTITUTION TROPHY, which was only possible because of hardwork and cooperation of seniors and my fellow buddies. We all made many memories of practice day and the competition.

All in all NCC is a great organization which grooms the personality of an individual completely and I will always encourage everyone to once have experience of this in life.
