SKILL DEVELOPMENT - ARTICLE

The Indian Government's Commitment to the Skill India initiative, Indian Government, our Honorable Prime Minister of India Thiru. Narendra Damodardas Modi (Ex NCC Cadet) is enabling millions to take up Industry relevant skill training, boosting the job prospects.

India experiences a huge advantage by having a young work force, it has high scope of providing manpower to the labour market. After assessing the high demand for the skilled workforce in the world, the Ministry of Skill Development and Entrepreneurship cell was formed in India, the Government is enabling the Public and Private Partnership known as PPP Model and Private Industrial Training Centers known as ITCs and Vocational Schools, As a Case study, there are lot of participation from Public and Private sectors to improve the Nation.

HEALTHY YOUTH BY HEALTHY INDIA through UNITY & DISCIPLINE
