

# Clean India Green India

Jai Hind, I am Cadet Rushikesh Gokul Vankhede of 1 Gujarat Air Squadron NCC, Vadodara Group, Gujarat Dadra Nagar Haveli Diu & Daman Directorate.

Cleaning our surroundings is as important as our house because due the unhygienic environment around we face many harmful diseases.

So for this our Honorable Prime Minister Narendra Modi announced a “Swachh Bharat Abhiyan” on 15 August 2014 and officially launched on 2 October 2014 with a view of giving tribute to Mahatma Gandhi on his 150 birth anniversary in 2019 of clean India.

In this Abhiyan the cadets of 1 Gujarat Air Squadron NCC also contributed by cleaning the unit, Navlakhi Groud, Kirti Stambh, etc.

This mission to clean India’s cities and villages is estimated to cost around Rs. 62,000 crore. It’s the most celebrated scheme of the recent time which aims to combat dirtiness and generate awareness among the citizens of India about the importance of sanitation and hygiene.

Cleanliness is important as it gives rise to a good character by keeping body, mind, and soul clean and peaceful. Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our personality by keeping clean externally and internally.

Our coming tomorrow with Swachh Bharat Abhiyan will be very beautiful and unimaginable. If you and we together start fulfilling the goal of Swachh Bharat Abhiyan, then the day is not far when our entire country will look completely clean. And for this noble cause, we all have to come together and work together and fulfill this mission.
