

Becoming a NCC cadet

I am Jennifer Joshy , I am very proud to be a part of NCC. It was a great and happiest experience to visit Krishna Menon museum at Westhill,Calicut. Therefore, the visit to V.K.Krishna Menon Museum and Art Gallery was an eye opener. The museum building itself is steeped in the colonial history of northern Kerala .As NCC cadet , it helped me to be aware about my responsibilities and duties.

Even it is existing the pandemic situation of covid 19 we the cadets gathered there in that museum in connection with our NCC activities . I Understood lot about the history and culture of our country .

Our Teacher ms. Josly guided all the cleaning activities on that day. The importance of protecting these monuments and environment explained by our Teacher The pictures, statues and other objects reveal the glorious past of our countries . This camp taught me discipline, to accept people the way they are, infused courage and strength, motivated me to do something to motherland and respect her and ultimately it made me a better person.

My eyes rested on these objects and it left a deep imprint on my mind.

It was really a memorable experience that I worked as a NCC Cadet. I really enjoyed that gathering and activities . I felt very lucky to have such a touching trip and interesting activities which are conducted by the school Management as a part of NCC Activities.

I enjoyed that activities with my teachers and Fellow cadets. I hope, I will get more opportunities to serve my Country.
