MY NCC EXPERIENCE

Jai hind everyone

My NCC experience as a cadet till the date was excellent. I learned a lot of adicates, rules, discipline, manners, obeying your seniors. The biggest thing i learned here is unity. Unity while practicing, unity while drill, Unity while ragda, and Unity while eating too. And yes ofcourse i personally don't take ragda as a punishment i take it as a strength building exercise which help you further. Here i found some friends, some competitors too. As without competition we can't improve ourselves. After talking about the hardworks and practice i personally liked the moment when i wear 'khaki'.

Activities like Obstacles troning, cultural activites, yogo, drill practices, guard practices, cleaning, Ragda, physical fitness training, refreshments all these thing helps in living like an INDIAN ARMED FORCE.

Ncc helps us in keeping ourself strong physical and physiologically. Keep improving your self.

Ncc can be called as a Ocean of Opportunities.
