

MY JOURNEY AS NCC CADET

National cadet corps is the largest uniform youth organization in the world. It plays a very important role in inducing the mentality of keeping national interests above self-interest among the youth. NCC aims at developing character, comradeship, discipline, a secular outlook, the spirit of adventure and ideals of selfless service amongst young citizens. Further, it aims at creating a pool of organized, trained and motivated youth with leadership qualities.

NCC will help us to inculcating the of discipline, smartness and our boost morale. Training helps to shape our both mental and physical fitness. NCC will groom us to be a leader and responsible citizen .It teaches us all the necessary qualities a person should posses to have a well defined life.

NCC includes social services for the people who are in need. I joined NCC at 1st year degree and it gave me a lot of memories. At first ,it was too hard to do drills and the exercises, as I continued to be in NCC, I improved a lot. My seniors helped me and taught good values about the NCC. When I was in 1st year there were many programmes like Swachh Bharat Abhiyaan , blood donation, Naati etc

Unfortunately due to COVID we were not able to join so many camps and classes but still I enjoyed many activities conducted by our team members. such as Swach Bharat Abhiyan, covid vaccine registration ,Naati ...
