

There was this 'Swachh Yamuna Abhiyan' conducted on 9th and 10th of April (6:00 am - 11:30 am) at ITO chath gath , Delhi. It was inaugurated by Dr. Harshvardhan (minister of health and family welfare and minister of Earth sciences).

Many volunteers , college students , NCC cadets and industrialists gathered and they worked along the banks of Yamuna to clean the garbage, plastic bags , bottles ,etc. Masks and gloves were provided by the organizers as keeping in mind about the guidelines of covid-19 .On 9th of April there was this 5km walk where all the volunteers walk with the team of kalash Padyatra on the roads of the capital with campaign banners . It was followed by a nukkad natak by NGO members , painting competition between adults and awareness speeches by many concerned authorities. There were some people from Yamunotri Dham with a kalash yatra for awareness which was for about 10 days .The experience of this campaign was quite good . At the end we were provided with refreshment and Tshirts with this print of "Atmanirbhar Yamuna ".

Industrialists gathered there pledged to minimize the industrial waste in the river and the volunteers as well as the students also pledged to make citizens aware and to protect Yamuna from being polluted .
