

MY EXPERIANCES IN NCC:

JAI HIND TO EVERYONE,

I Am LCPL Darshan D burde an NCC cadet in 3 KAR ENGR COY NCC unit, Davangere of bellary group, KAR AND GOA DTE. NCC, being a largest youth organization in the world nurtures its cadets in an all round aspects and like wise I, being a cadet of this organization learnt many useful things and also numerous ways of serving our proud nation. As a part of activities, we the cadets of our unit did many activities inspite of current situation of pandemic like planting, plog run, blood donation programs , swacchata abhiyan, involving in the duties of covid-19, creating awareness about the ongoing pandemic among the people through some awareness videos and digital posters etc. due to the pandemic almost all of the activities are conducted through online mode.

Even though the activities are conducted through online mode there is no shortage of enthusiasm among us(cadets). Under the guidance of our instructor we did weekly activities and also posted them in several social medias which we are using.

The above mentioned are the updates of the activities which we (cadets) did as being a part of this proud organization, but personally for me NCC is the source of spirit. Thinking of NCC gives me the patriotic vibes and also it awakes zeal to do something good for our nation. And to say frankly, I learnt and understood the true meaning of discipline from NCC and also we got inspired by our instructors every now and then to serve our nation by joining Indian armed forces , and literally the work experience of our instructors in army which they are sharing with us is worthfull as it is a source of inspiration for us. Finally I am damn sure that, along with our education system NCC also contributing to build the future of our nation and we will strive to make our nation a super power in the world in all aspects under the valuable guidance.....
