

WHY I JOINED NCC ?

→ NCC is an Ideal platform where I can improve myself and grow myself disciplined. Also, I can develop my character, comradeship, leadership, secular outlook, spirit of adventure and also it gives me the power to help the people in need. Besides, it is a stepping stone to my career. During this covid 19 situation I get a chance to help people who have no food etc. Hence I have joined National cadet corps (NCC).
