

## MY JOURNEY TALE IN NCC

Since my childhood, I had a crave for adventure. Thanks to my dear brother for introducing me the whole new world - NCC. Initially the thing which attracted me more towards NCC where para-gliding, mountain climbing, river-rafting, tracking, cycling and many more adventure full camps.

My first adventure started with IDSSC (Inter Directorate Sports Shooting Championship) camp in Asansol.

After that, I bagged a prestigious memory securing the first position with .22 rifle in CATC-41 conducted by 33 ACTR post which, I had attended another camp of our own unit, 9 ASSAM BN, Where we were trained mentally and physically by our respected JCO's and PI stuffs. That was the last camp of our seniors. Then, I got selected for becoming the next NCC senior of Mariani College, Mariani.

Meanwhile I also got selected for the IMA attachment camp which is held at IMA, Dehradun, Uttarakhand, where we were trained by PTI (Physical Training Instructor), DI (Drill Instructor) and the Officers who train GC's (Gentlemen Cadet). They taught us how to become a Gentlemen Cadet and many more life lessons.

I had attended the last camp of my NCC journey, which was also conducted by our Unit 9 ASSAM BN, where we were trained for our upcoming 'C' examination.
