

## **MY EXPERIENCE IN NCC**

I joined NCC in MES Kalladi College which gave me many unforgettable experiences, which made me understand many moral lessons in my life. NCC improved my physical and mental strength. The National Cadet Corps helped me in understanding the essentials of nation building. NCC provided us more exposure, with a wide range of activities. It included social services, disciplined and adventurous training. NCC camps were entirely different from all other camps that I had participated in. Most of the time, we were engaged in parade. NCC cadets learn many qualities from the parade sessions. These sessions inculcate sportsman spirit within us. NCC training also strengthens our love towards the Nation. This motivates us to join Armed and Military forces. Sometimes it makes me feel that I am a soldier in training.

One of the main reasons that I got this opportunity is my friends and seniors. They gave me all kinds of support. I am sure that the experiences that I am getting from NCC will be remarkable in my life.
