

March 22nd, World Water day, us NCC Cadets of TK GIRLS BATTALION in UC college go for a River Walking and Mini tracking in Collaboration with the Forest department of Erode Region:

We started Our Journey from UC college to Aluva and then there to perumbavoor and then to Our destination. The whole Journey was filled with fun and excitement. We started Our Journey at 6:30 am and reached at 8:30 am around and started Our tracking to the first point Paniyeli poru after getting a little briefing of the whole process by the Forest officers.

Through Out our Journey, we heard sounds of nature. we got on a tree house and the view was so amazing. After that we split in to teams under the guidance of our Seniors we started the Journey. when we reached Paniyeli poru and realised that it was beautiful as well as dangerous at the same time.

It was the Spot of Rivers that Coming from different
these Sides and collides with each other and that's
why it is called paniyeli poseu Fighting of Rivers.

Then we sat on a rock on the river bank and one of
the forest officers took us a brief class about the situa-
tion currently related with water, the problems that
we would have to face in the future if we don't use
the water in proper way and climate changes.

Then we began the teaching for about 7km we
walked through the narrow paths of the forest, Picked
up here mushrooms, wild dried flowers. We enjoyed
the songs and stories of one of our local guide who
He is so energetic in his old days. The whole pro-
gramme was packed up by about 1.30 pm. This is an
experience close to heart. The Memories and
Scenarios we got from paniyeli poseu will
cherish forever.
