

# **IMPORTANCE OF BIO DIVERSITY CONSERVATION**

## **REPORT**

On 23th may 2023 the CATC camp at st. Joseph's College (Autonomous) irinjalakuda, lecture section conducted by Dr Sandeep Das : A Talk on wild life protection and photography exhibition.

It was a wonderful session for all of us. Through that class we understand the importance of biodiversity, the need to protect all spieces and how we all are interconnected. It's our duty to take possible steps to protect all the different species in the world. There should be no another such group of endengeres species. Sir's photographs were exhibited in the college and everyone enjoyed seeing them. Posters were made and posted in the social media.
