

A) It would be better to give a brief of the Open Data - Metadata Schema and clearly indicate the licensing field where the source of the information is provided as a link/URL. Schema will make it clear.

b) Please define that the use of the data is limited to the jurisdiction of India, if in case international, there should be a wider common platform or a directive

c) The license must not discriminate against any person or group of persons. The license must not restrict anyone from making use of the work in a specific field of endeavor. For example, it may not restrict the work from being used in a business, or from being used for research.

d) Please state explicitly how the laws of the jurisdiction apply and how they are governed

e) Should also have a method of tracking who is using the data for which purpose.
