

Global Architectural Competition for Indian National War Museum

Frequently Asked Questions

- **What is the last date of submission for the Stage 1 of the competition?**

15th of October 2016

- **Is it possible to close the intersecting road "Mahatma Jyoti Rao Phulley Marg"?**

Now the "Mahatma Jyoti Rao Phule Road" is being aligned North of the site. Hence consider the site contiguous.

- **There is an Encroachment area marked in the layout. Should this area be assumed to be cleared and used for the Museum?**

The encroachment area is not part of the site for the competition, but the competitors are free to propose future expansion as the encroached area maybe available in the future.

- **Do we need to retain the intermediate road marked within the site boundaries?**

The alignment of the existing internal roads within the site area can be changed.

- **What is the location of the proposed tunnel connecting the War Memorial to the War Museum?**

The competitors are free to assume the exact location of the tunnel connecting the War Memorial in 'C' Hexagon at India Gate to the proposed War Museum in Princess Park.

- **Can any Museum spaces & activities be proposed in the basement?**

The competitors are free to propose any activities in the basement area

- **Can the existing building present on the site be demolished?**

All the structures on the site area can be demolished.

- **The site area mentioned in the Competition Brief is approximately 10.71 acres compared to the 10.92 acres in the survey plan. Which area is to be considered?**

10.71 acres is the official area of the site.
