

Abacqz Software and Engineering have developed WORLD's **ONLY INTERACTIVE** APPROACH in CLASSROOM EDUCATION covering BOTH Schools and Colleges Students, with the objective of sowing in these students, the right and well-founded seeds of sound concept based understanding of the **mathematics** and **sciences** subjects, and in the development of **skills** and of the **languages, including speaking**. The principle is swaadhiyaya: reinforce. The Educational Package is Titled

KAIEPANAD –

KNOWLEDGE : ALL INDIA EDUCATION PROJECT : A NOVEL APPROACH DEFINED

It took over fifteen years in its development mainly to ensure the employability of students, which is an immediate and pressing need and concern, benefitting from this UNIQUE method of education.

Given below is a tabulation of what the NEW NATIONAL EDUCATION POLICY 2016 has specified for School and College Education, and how KAIEPANAD fulfils most of them but much more benefitting not to just Students, Teachers, Lecturers and Professors but Administration too

S No	National Educational Policy 2016		KAIEPANAD	Remarks
	For Schools	For Colleges		
1	Ensuring learning	Quality reforms governance, regulation	More than ensures Quality Learning, with governance and regulation	LOW COST @ Rs 100 per student countrywide PERPETUAL
2	Outreach extension	Open and distance learning	Covers EVERY institution in the Country: in villages towns, cities thru satellite	
3	Vocational Education	Integrating skill development with higher education	Effective system for low cost testing and filtering before selection for specific skills training	
4	Outreach extension 2 – to help weak students & to reward bright	Pace setting roles of Central Institutions	Pace set to suit individual students in each Institution College or School, so the whole Institution's level rises	

S No	National Educational Policy 2016		KAIEPANAD	Remarks
	For Schools	For Colleges
