BARAHI TALAB AREA FARIDABAD, HARYANA
OBSERVATIONS AT SITE

STEPS AT SITE CAN BE RETAINED AND ENHANCED WITH LOW COST STONE LIKE KOTA OR SAND STONE FINISH TOP.

MAN HOLE SHOULD BE SHIFTED AT CORNERS. VISIBILITY CAN BE SOFTENED BY PLANTING SHRUBS/GROUND COVERS AROUND COVER.

LANDSCAPE ELEMENTS WHICH REQUIRE BARRICADING NEEDS TO BE EADED PERMANENTLY FOR THE USER SAFETY.

PROPER PLANTER CUM SEATING IN CIVIL WORK NEEDS TO BE DESIGNED INSTEAD OF CAST IRON BENCHES FOR LONGER LIFE.

SOME STRUCTURE LIKE DISTRIBUTION BOX/OPERATING ROOM SHOULD BE REDESIGNED AND TO BE SHIFTED AT CORNER.

PROPER SOLING BELOW STONES IS REQUIRED FOR LONGER LIFE SPAN OF PAVED PATHWAY.

PAVED PATHWAY TO BE INTRODUCED SO THAT PUBLIC CAN USE THIS SPACE MORE EFFECTIVELY.

PAVED AREAS TO BE DESIGNED IN WAY TO REACH EVERY LANDSCAPE ZONE.

PLAY AREA LIKE KABADDI/KUSHTI TO BE RETAINED AND DESIGNED PROPERLY AND IN A DESIGNATED AREA.

WATER TANK TO BE RETAINED AND REDESIGNED WITH SEATING AND PLANTATION AROUND.
ALL CORNERS OF PARK TO BE REDESIGNED PROPERLY AS SOME AREA HAS BECOME A DUMPING GROUND.

PARKING LOT TO BE WELL PAVED AND LEVELED. DESIGNATED PARKING AREA IS REQUIRED.

LAWN AREA TO BE LEVELED PROPERLY

ELECTRICAL TRANSFORMER TO BE RELOCATED. KIDS SHOULD BE PROTECTED FROM TRANSFORMER AND THEY SHOULD BE KEPT AWAY FROM IT BY MAKING GUARD/FENCING AROUND.

FRONT YARD OF TEMPLE CAN BE ENHANCED WITH MORE GREEN, SEATING AND TREES.

ENTRY TO THE SITE CAN BE ENHANCED WITH GREEN AVENUE TREES, LIGHTING, SCULPTURES, STONE COPING AND CLADDING.

EXISTING STEPS TO THE SITE CAN BE ENHANCED WITH GREEN PLANTER BOTH SIDES.
**DESIGN CONCEPT**

OVERALL SITE IS A LANDMARK AND HAVING A HUGE POTENTIAL FOR REDESIGNING INTENSIVELY AS THIS IS ONE OF THE LARGEST OPEN AREAS IN THE SURROUNDING WHICH IS USED AS A BREATHING SPACE FOR COMPACTED PLANNED CITY.

MOST OF THE CORNERS OF THE SITE IS NOT THOUGHT OF, WHICH CAN BE DESIGNED THOUGHTFULLY.

OVERALL SITE NEEDS TO BE DESIGNED WITH THE SMALLER POCKETS OF SOME DESIGNATED SPACES FOR VARIOUS USAGES.

SOME PHYSICAL WELLNESS OUTDOOR PLAY AREAS LIKE BADMINTON, BASKETBALL, SKATING RINK, KABADDI SHOULD BE DESIGNED FOR THE LOCAL CHILDREN.

JOGGING AND PAVED PATHWAYS SHOULD BE GIVEN FOR THE MORNING AND EVENING JOGGER/WALKERS.

GATHERING SPACES, LAWN AREAS, PAVED PLAZAS, PAVILIONS, SEATING, BENCHES, DUSTBINS, SIGNAGE, SHOULD BE DESIGNED.

TOILETS (WHICH HAS SEPARATE ARRANGEMENTS FOR PHYSICAL CHALLENGED) SHOULD BE MADE IN THE PARK.

LIGHTING ARRANGEMENT IS MANDATORY TO LIT THE AREA AND PROVIDE SECURITY AND SAFETY.

BIG GATHERING AREA IS REQUIRED FOR THE FESTIVAL LIKE DESEHRA, GANESH POOJA, GANESH CHATURTHI.

CATCH BASINS, RAIN WATER HARVESTING SHOULD BE GIVEN TO AVOID WATERLOGGING.

PLANTATION SHOULD BE DESIGNED IN A PROPER AND EFFICIENT WAY WITH NATIVE, BIRD ATTRACTIVE, LOCAL FOOD PRODUCTIVE DRAUGHT RESISTANCE, MOSQUITO REPELLANT TREES WHICH REQUIRE LOW MAINTENANCE AND WATER CONSUMPTION.

EVERGREEN AND DECIDUOUS TREES/SHRUBS SHOULD BE SELECTED AS PER AREA.

PARKING TO BE DESIGNED WITH PROPER TURNING RADIUS, CLEARANCE FOR CAR, BIKE AND CYCLES.

SOME EXISTING STRUCTURES LIKE WATER TANK, KABADDI PLAY AREA, TREES TO BE RETAINED AND ENHANCED.
**Landscape Concept**

**Landscape Elements**

- **Interactive Shaded Pathway**
- **Pavilions** designed which can be used as visitor interactive spaces/sitting areas/rest zones.
- **Outdoor Amphitheater** for cultural events like music dance and lectures.
- **Existing Pond** is retained with proposed sitting area and native trees around. This will act as a rainwater harvesting zone at rainy season.
- **Play Area** like basketball, badminton, skating rink have been proposed for physical activities.
- **Jogging Trail/Pathway** is designed for morning and evening runner.
- **Existing Kabaddi Area** is retained with revised location at one corner.
- **Existing Kabaddi Area** is retained with proposed sitting area and native trees around.
- **Male and Female Toilet Block** along with the physical challenged toilet.
- **Parking Area** with paver block is designed to cater visitors from outside.
- **Existing Steps with Level Difference** is retained with introducing green grass in between which will act as a setting tier for the whole length.
- **Interesting Meandering Pathway** is designed to break monotony.

**Primary Gathering Space for Multipurpose Usage**

Big gathering area is required for the festival like Dussehra, Ganesh Pooja, Ganesh Chaturthi.

**Commercial**

**Residential Area**

**Sanyas Mandir**

**Periphery Plantation** is given for the buffer/noise reduction from surrounding.

**Existing Steps with Level Difference** is retained with introducing green grass in between which will act as a setting tier for the whole length.
