

REAL LIFE STORY

"BETI BACHAO BETI PADHAO"

My Daughters Are My Pride

- I feel proud to have lovely two daughters as they are grooming amazingly in life. They are the Role Models for all daughters.
- I still remember those days when the time was very tough and I had no money to pay fees and at times no food too. Desperately I approached in school, sharing my financial situation.
- Listening to my pitiful condition, school gave me opportunity to work as part time teacher. I thanked my Almighty and started working hard for my cute little ANGELS.
- Struggle and sacrifice of life brought happiness and my cute ANGELS studied, became very responsible. My ANGELS brought laurels in my life.
- My elder daughter became An Architect, joined as J.A. in one of the company of Denmark. It was all her own efforts with self study.
- My younger ANGEL is another example of her talents, very intelligent, creative, balanced.
She completed her graduation as Product designer, joined TCS this month. By donating blood for continuously three years, she is serving the Nation too.
- My ANGELS are not only well educated but also have Strong Character. Values and Ethics of life are equally valuable for both of them.
- They are the strong Citizens of our Nation.

" JAI HIND JAI BHARAT"
