Guidelines for Effective Control of COVID-19

w.e.f 1st April 2021

Enforcement of the
Test-Track-Treat Protocol

Test

Ensure tests being conducted are uniformly distributed across all districts, with adequate testing to be done in districts reporting a higher number of cases

The proportion of RT-PCR tests in the total mix to be scaled up, on a best effort basis, to 70% or more

States & UTs, where the proportion of RT-PCR tests is less, to rapidly increase testing to reach the prescribed level

Guidelines for Effective Control of COVID-19

w.e.f 1st April 2021

Enforcement of the
Test-Track-Treat Protocol

Track (1/3)

New positive cases to be isolated & their contacts to be traced at the earliest, and to be isolated/quarantined

The prescribed containment measures to be implemented in Containment Zones

Containment Zones to be carefully demarcated by the district authorities, at the micro level, taking into consideration the guidelines prescribed by Health Ministry

List of Containment Zones to be notified on the websites by respective District Collectors & by States/UTs, to be shared with Health Ministry on a regular basis

Guidelines for Effective Control of COVID-19

w.e.f 1st April 2021

Vaccination

The National Expert Group on Vaccine Administration for COVID-19 (NEGVAC) provides guidance on prioritization of population groups, procurement & inventory management, and vaccine selection, delivery and tracking

All State/UTs to rapidly step up the pace of vaccination, to cover all priority groups, as recommended by NEGVAC & approved by the Central Govt, urgently and in an expeditious manner
