Terms and Conditions

Technical Brief

1. The Ministry of Housing and Urban Affairs launched the National Urban Digital Mission in February 2021 to address the challenges in urban municipal service delivery in Indian cities.
2. The Mission envisages shaping the future of digital India by saving time and effort of millions of people in the fast-pacing urban spaces.
3. NUDM aims to improve the ease of living for citizens by creating a national urban digital ecosystem that delivers accessible, inclusive, efficient and citizen centric governance in India's 4400 towns and cities
4. It will support the states & UTs in taking forward their vision of adopting the era of digital revolution that is not just about technologies, but also about the centrality of people and the process of reforms.

Some of the key objectives of the NUDM:

1. It envisions improved ease of living for the urban population by provision of multichannel access, enhanced State/UT wide 'single-window' services resulting in quick verification, less processing time of services and significantly lower costs.
2. To create shared digital infrastructure as a public good by way of state-of-the-art digital urban platforms, building blocks, data infra to manage the core digital urban data, and the infrastructure required for its seamless exchange;
3. To catalyse an urban national open digital ecosystem (u-NODE) that leverages NUDM build new platforms, solutions and innovations
4. To create open standards and enforce adoption of open standards by all national digital urban stakeholders;
5. To establish registries at appropriate level to create single source of truth in respect of urban assets, service delivery, urban data and actors
6. To promote development of nationally scalable application systems with a special focus on achieving the Sustainable Development Goals for urban;
7. To adopt the best principles of cooperative federalism while working with the States, Union Territories & ULBs for the realization of the vision;
8. To provide for enhancing the efficiency and effectiveness of governance at all levels
9. For more information, participants are encouraged to visit: nudm.mohua.gov.in_or
