

Honorable Prime Minister,
Shri. Narendra Modi, 'Greetings'

Respected Sir, it is a Humble request In order to prevent the corruption. Corruption is a universal ill for development and developing countries, which i consider. i have an idea about the stopping corruption; through as your successful "Digital India" concept. I want to draw your attention to Shri. Narendra Modi Prime Minister of our India. **Sir Build one official government software, it should contain all daily needs of citizens and corporate level business transactions; this transactions narration should be in dropdown list. when we made any transactions it is a mandatorily enter the currency Number and compulsory mention the narration in the software which is in the dropdown list. For doing this no one can make Duplicate currency. Please think about this suggestion, thanking your sir.**

Yours sincerely,

Badarinarayana B.S
