Wherever We Indians Go, We Create A 'Mini India'
From the CEO’s Desk

Dear Readers,

We thank you for your encouraging support & warm welcome to our First edition of MyGov Pulse Point- A fortnightly Citizen Connect Newsletter. MyGov continues its mission to connect people with the Government and empower them to contribute towards nation building. MyGov believes that citizen engagement encourages exchange of ideas and reflects the government’s willingness to make citizens a partner in decision making. Marching towards this vision, MyGov brings to you the 2nd edition of MyGov Pulse Point- A fortnightly Citizen Connect Newsletter.

This will have major Government initiatives in the past 15 days, Engagement corner, AatmaNirbharBharat sectorial coverage, Citizen connect activities and many more.

One of the highlights of recent times has been Prime Minister Narendra Modi’s visit to France, which marked the 25th anniversary of India-France Strategic Partnership. From ceremonial welcome to the Guard of honor to interaction with French leaders, PM Modi’s visit stamped several historic moments in the shared history of India and France. It’s a moment of joy for all of us to realise that PM Narendra Modi is the first ever Indian Prime Minister to receive France’s highest accolade- Grand Cross of the Legion of Honour. During his visit, the Prime Minister met several French leaders including the President and Prime Minister, and discussed steps to boost India-France Cooperation.

I would also like to take this opportunity to share with you the successful take-off of the much-awaited Chandrayaan 3.0. Launched on 14 July 2023 from Sriharikota, Chandrayaan 3 would certainly uncover many mysteries of the Moon, such as the properties of Lunar Soil and rocks. We await and pray for its successful landing on 23-24 August, 2023.

We have an exciting array of live activities across various domains waiting for your participation! At present, there are 14 DO activities, 9 quizzes, 53 pledges, 3 surveys, and 10 innovative activities that look forward to your active participation. For more information, please visit mygov.in. Engage and enjoy!

Lastly, we are glad to announce the MyGov Saathi 2.0 initiative, which I am sure shall play a pivotal role in bringing together this massive community of active citizens with more exciting rewards points, benefits and recognition. As we celebrate the tremendous growth of MyGov and the unwavering commitment of our Saathis, we express our heartfelt gratitude to each and every individual who has contributed to this success. Your active involvement and continuous support has transformed MyGov into a vibrant participatory governance platform to shape our nation’s destiny.

Akash Tripathi, IAS

GST: Testament To India's Growing Economy

Since being launched on July 1, 2017, GST has simplified taxes, which resulted in complete transformation of India's economy. From streamlining processes to boosting investments, GST has been a catalyst for social progress and a milestone in the economic landscape.

- ₹1,61,497 crore gross GST revenue collected for June 2023
- Records 12% Year-on-Year growth
- 136.58 lakhs: Remarkable adoption of GST among citizens in 2023

**UPI Taking The World By Storm**

- 1 crore+ transactions per hour
- 2 lakh+ transactions per minute
- 3600+ transactions per second
Millets, a diverse group of ancient cereal crops, have emerged as one of the country's major agricultural products. Being a nutritionally rich crop, millets offer a wide range of health benefits and help in shaping diverse culinary heritage pan India. The United Nations has recognised the significance of millets by declaring 2023 as the International Year of Millets.

With the aim to create awareness and promote production & consumption of millets, NIScPR-SVASTIK and MyGov invite entries for sharing knowledge and a picture of traditional millet recipes and ingredients.

**Swachh Survekshan**

Marching Towards The Moon With
Chandrayaan-3

Chandrayaan-3, launched from Sriharikota on 14 July 2023, sets out to make history as the world’s first mission to achieve a soft landing near the lunar south pole.

While Chandrayaan-1 brought before the world the evidence of the presence of water on the moon, Chandrayaan 3 sets out to uncover many more mysteries of the Moon. It would provide data on various properties of Lunar Soil and rocks including its chemical and elemental composition.

**Primary Objectives:**
1. Safe & Soft Landing On Lunar Surface
2. Demonstrate Rover Roving On The Moon
3. To Conduct In-Situ Scientific Experiments

Till date, The United States, The Soviet Union, and China - Only three countries have successfully landed on the Moon. After the success of Chandrayaan-3 Moon mission, India will proudly join the elite Space Club!

Launched Date: **14 July, 2023**
Expected Landing: **23-24 August, 2023**
Estimated Cost: **Rs 615 Crore**
Amritsar-Jamnagar Expressway
