WHAT'S INSIDE

India as A Bright Spot In Global Economy

13.5 Crore Indians Escape from Multidimensional Poverty

India Paving Way For Healthier Tomorrow

INDIA'S ECONOMIC GROWTH IS FORECASTED AT 6.4% FOR FY 2023-24

Source: ADB
From the CEO’s Desk

Dear Readers,

With immense gratitude for your unwavering support to our First and Second editions of MyGov Pulse- A fortnightly Citizen Connect Newsletter, we embark on yet another chapter of this empowering journey. MyGov firmly believes that citizen engagement not only fosters the exchange of ideas but also exemplifies the government's dedication to making citizens active partners in the process of decision-making. Marching forward in pursuit of this vision, we present to you the 3rd edition of MyGov Pulse- a newsletter that strives to bring us all closer in the spirit of nation building.

Within the pages of this 3rd edition of MyGov Pulse, you will discover a comprehensive collection of Government activities in the last 15 days, Engagement Corner, Aatmanirbhar Bharat sectoral coverage, citizen connect activities and many more. Moreover, this edition serves as a tribute to the remarkable 9-year journey of MyGov, capturing the cherished memories that have strengthened the bond between the Government and its citizens.

One of the news making headlines in the past 15 days has been the upliftment of crores of Indians from poverty. It’s a remarkable milestone achieved in India’s progress as a record 13.5 crore people moved out of multidimensional poverty between 2015-16 and 2019-21. Improvements in nutrition, education, sanitation, and cooking fuel have reflected the Government’s commitment to improving citizens’ lives and creating a brighter future for all.

It’s a moment of joy for all of us to realise that India continues to be one of the fastest-growing major economies in the world. The Asian Development Bank retained India’s economic growth forecast at 6.4% for FY 2024, driven by recovery in consumption demand and easing global commodity prices.

I would also like to take the opportunity to share with you India’s soaring progress and leadership in the global chip market. The journey has kickstarted with approval of Rs.76000 crore for development of semiconductors. You would be happy to know that for the first time ever, the value of defense production in FY 2022-23 crossed the figure of Rs one lakh crore while it was Rs 95,000 crore in FY 2021-22.

We have an exciting array of live activities across various domains waiting for your participation! From DO activities to quizzes to pledges to surveys, there’s something for everyone to get involved in. Head over to mygov.in for more details.

Let the engagement and enjoyment begin!

Akash Tripathi, IAS
CEO, MyGov
**Victory Against Drug Abuse**

India has created a unique record of destroying 10 lakh kg of drugs, worth over Rs 12,000 crore. To save the youth from drugs, many innovative efforts like Musical Night, Bike Rallies are happening in Jammu-Kashmir. Many sports groups and local clubs called VADA have been linked in Chandigarh to raise awareness against drugs.

**Mini Brazil of India**

Under Raees Ahmed's initiative, Becharpur has now transformed into a football nursery, with 40-50 players representing nationally and at state levels, and 1200 football clubs in Shahdol & surrounding areas.

**Do You Know?**

The business of 'bhojpatra calligraphy' by the women of Niti-Mana village in Uttarakhand, has improved the economy of the region. Bhojpatra (Himalayan Birch) is a tree whose bark acts as paper. This material has historical significance in preserving scriptures like Mahabharata.

**Meri Mati Mera Desh**

With August 15 being just around the corner, this initiative will be organised across the country to honour our bravehearts. Special memorials will be established in thousands of villages across the nation.
India is committed to the protection of mother earth. To attain this vision, PM Modi has often stressed on adopting LI.F.E (Life Style for Environment). Aligning with PM Modi’s vision, MyGov brings to you a quiz on LiFE. Take part to discover simple changes for a sustainable environment and reduction of carbon footprint.
India is celebrating the 9th National Handloom Day on 7th August 2023 to generate awareness about the importance of the handloom industry and its contribution to the socio-economic development of the country. In order to popularise the use of Handloom and foster the spirit of our weavers, MyGov brings to you various exciting contests.

Join now & show your love for Indian Handlooms!

MyGov brings to you an opportunity to contribute to nation building. Join our Campus Ambassador Program and become representatives of New India. Let's connect, engage and empower the youth to shape the future of our Nation.

**29 lakh households**: Clean drinking water provided to every rural household under Jal Jeevan Mission

MyGov Manipur
First goods train reaches Khongsang in Manipur, opening up new avenues for trade and commerce.

MyGov Madhya Pradesh
922 women of various self-help groups became self-sufficient by joining soap manufacturing work under Livelihood Mission.

MyGov Assam
Heartfelt tributes to the cultural icon Umakanta Bairagi on his demise. He was a pioneer of Tokari Geet.
One Earth – One Health

Under the visionary leadership of PM Narendra Modi, the government has adopted a proactive approach in the healthcare sector. As a result, healthcare is no longer considered a privilege but a fundamental right. The government’s top priority is to make medical treatment accessible, available, and affordable for all.

Thanks to programmes such as Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY) that ensures universal health coverage to crores of poor families. Ayushman Bharat Digital Mission on the other hand has helped in revolutionising healthcare in India through digitisation of health records via Ayushman Bharat Health Accounts (ABHAs).

Heal in India, Heal by India

India’s five-fold strategy of test-track-treat-vaccinate and COVID appropriate, enabled the nation to combat the deadly COVID-19 pandemic. Under India’s National Covid-19 Vaccination Programme, more than 220 crore Covid vaccine doses have been administered across the country as on 6 January 2023.

India also extended support to several affected countries by providing ‘Made-in-India’ Covid vaccines, medical equipment and evacuation of stranded people during the pandemic.

220 crore Covid vaccination administered

102.55 Cr First Dose

95.12 Cr Second Dose

22.34 Cr Precaution Dose

282 million Covid-19 vaccine doses to 101 countries and two UN entities

India As A Bright Spot In Global Economy

Beating all odds, India continues to be one of the fastest-growing major economies in the world. Discover how the major global agencies recognize India's growth.

- India's economic growth is forecasted at 6.4% for FY 2023-24 and 6.7% for FY 2024-25: Asian Development Bank
- India will become a great power: Martin Wolf, Economics Commentator
- India will have the world's second-largest economy by 2075: Goldman Sachs
- India is likely to grow at 6.7% for the next three years: S&P Global Ratings
- India has overtaken China as the most attractive emerging market for investing in emerging market debt: Invesco Global Sovereign Asset Management

NCERT Books in 22 Languages!

Promoting Inclusive Education For All

With the aim to promote linguistic diversity and inclusive learning experience among students, all CBSE affiliated schools are set to expand their medium of instruction in 22 Indian languages, alongside English and Hindi. This momentous decision aligns with the principles outlined in the National Education Policy 2020.

CBSE schools will also facilitate examinations in designated languages, allowing students to demonstrate their knowledge and skills effectively.
Empowering Gen-Z Changemakers!

On the momentous occasion of the third anniversary of National Education policy 2020, PM Narendra Modi delivered a thoughtful speech at Akhil Bharatiya Shiksha Samagam. Check out the highlights:

- Subjects including Science and engineering will now be taught in Indian languages
- Integration of Future Tech with academics to make learning interesting

India Emerging As Semiconductor Powerhouse

Amidst the world of innovation and tech, India is soaring in the global chip market with strong leadership and technological prowess. The journey has just begun, and the possibilities are boundless.

- Centre approved Rs.76000 crore for development of semiconductors
- India teams up with Japan for developing chip manufacturing ecosystem
- US chipmaker Micron to invest $825 million for chip packaging facility in Gujarat
- AMD to invest 400 million dollars in 5 years in Bengaluru in India
13.5 Crore Indians Escape Multidimensional Poverty In 5 Years

What a remarkable milestone has been achieved in India’s progress as a record 13.5 crore people moved out of multidimensional poverty between 2015-16 and 2019-21. Rural areas saw the fastest decline in poverty, bringing positive change to the lives of millions. Improvements in nutrition, years of schooling, sanitation, and cooking fuel has reflected the Government's unwavering commitment to improving citizens' lives and creating a brighter future for all.

We Thank You for your constant support, engagement & contribution in establishing MyGov as the world’s largest citizen engagement platform. MyGov takes immense pride in delivering its promise of facilitating two-way communication between citizens and Government of India. This has allowed people to engage in policy formulation and put forward their opinion on issues of public interest and welfare.

Testament Of MyGov's Success
With this vision, the government is constantly taking concrete steps to train over 40 crore Indians in different industry-related jobs and fulfil the growing need for skilled manpower in India.

Under the visionary leadership of PM Narendra Modi, the Skill India Mission has empowered lakhs of youth with the in-demand skills, development courses, valuable certifications, and access to a pool of jobs & apprenticeships for a successful career leap.

Skill development schemes to transform India:

- Pradhan Mantri Kaushal Vikas Yojana
- Jan Shikshan Sansthan Scheme
- National Apprenticeship Promotion Scheme
- Industrial Training Institutes/Craftsmen Training Scheme

India believes that the practical hands-on experience, empowers the young talent to excel in the global job market and propels them towards global success.
India Shaping a World-Ready Workforce

A quick glance at the performance dashboard:

- 65+ courses
- 26+ Job exchanges
- 16 lakh+ beneficiaries trained
- 1.47 Crore successfully completed skill training
- 1.10 Crore certified
- 42623+ Skill centres
- 21.8 lakh apprentices nurtured
- 9.6 lakh apprentices completed training
- 18 B2B MoUs for mobility of Indian workers globally
- 30 Skill India International Centres
